## jamie-lee - senior therapist

“ I’ve been working in the beauty industry for over 15 years. My aim is to help people de-stress from their hectic lives, to give people a boost in self-confidence and to share my knowledge on beauty and skincare.

I know how difficult it can be to put time aside for yourself so I always strive to create an experience bespoke to that person and help them to feel relaxed with a sense of renewal.

# Facials

**Proto-col Inside-Out Facial (60 minutes)..... £40.00**

As we age and expose our skin to the harmful elements are skin and body deplete collagen. Proto-col's inside out approach to skin allows you to transform your skin with carefully selected products to brighten, hydrate and renew your complexion. Using nature's best plant-based collagen to plump and firm fine lines and wrinkles to give immediate and long-lasting results. Your treatment is followed by collagen drink to renew your skin from within.

**Collagen Express Facial (30 minutes)..... £28.00**

Perfect treatment if your short on time but want your skin to be red carpet ready. Your therapist will tailor your facial to suit your needs and will finish with a collagen drink to renew your skin from within.

**Mini Micro-Derm Peel (25 minutes)..... £20.00**

This treatment is deeply cleansing for a congested, tired skin to eliminate dead skin cells and renew the skin. Using crushed Diamond and pearls combined with Glycolic acid to brighten. Perfect for a quick pick me up.

**Bio Re Peel facial rejuvenation (60 minutes)..... £55.00**

BioRePeelC13 is an innovative, biphasic, patented medical device with a bio stimulating, revitalising and peeling action. Thanks to its exfoliating and keratolytic action, it promotes cell turnover by removing the outer corneal layer cells with selective action on corneocytes' junction bonds.

*Course of 4 sessions required depending on skin concerns*

The active ingredients' derma functionality contributes to a profound stimulation of skin replication and biosynthetic processes, essential to counter the effects of skin aging and oxidative damage induced by UV radiation and pollution.

# Massages

# Laser Hair Removal

## How it works

The secret lies in the technology. Cynosure's laser hair removal treatments target and destroy the hair cells responsible for hair growth without damaging the surrounding skin. The result is smooth, hair-free skin that lasts!

## Frequently asked questions

### What Areas can be treated?

Treatment areas include face, underarms, arms, legs, back, bikini, chest, and more!

### Does laser hair removal hurt?

Treatments are virtually painless and will vary patient to patient. Patients describe a range of sensations during treatment from tingling to the snapping of a rubber band.

### How long are treatments?

Treatments can take from just 5-60 minutes depending on the size of the area being treated.

### How many treatments are needed?

A series of 3-6 treatments is recommended for optimal results but, every patient is different. Work with your therapist to develop a plan that is right for you.

### Why are multiple treatments needed?

Our hair naturally grows in 3 different stages. All our hair is not in the same stage at the same time, so when an area is treated only a percentage of hair follicles will be affected. Therefore, to effectively reduce your unwanted hair, multiple treatments are necessary.

### Is laser hair removal right for me?

This treatment is safe for all skin types, including light and dark skin and most hair colours. Work with your therapist to determine best treatment options for you.

### What type of results can I expect?

You can expect to see a gradual decrease in the hair thickness and in the amount of hair present. In addition, you may also see a decrease in stubble, rashes and ingrown hairs.

**\*Note** Patch test required 48 hours before treatment.  
Courses of six are recommended for long term results.
